How Your Benefits Are Applied

Payment For Network Covered Expenses

Professional Services

Eye Examination and Refractive Services

When a network provider is used, payment for eye examinations and refractive services is based on the provider's reasonable charge.

Payment for the eye examination is made directly to the provider and is accepted as payment in full. If the eye examination is subject to a copayment, as indicated in the Summary of Benefits, you are responsible for paying that copayment amount to the provider.

Low Vision Care Services

When a network provider is used, payment for low vision care services is based on the amount of the provider's charge up to the program allowance.

Payment for low vision care services is also made directly to the provider. However, you are responsible for the difference between the program allowance and the provider's charge.

Laser Vision Correction Services

When a network provider is used, benefits for laser vision correction services are made available in the form of a percentage discount of the provider's charge. You are responsible for paying the entire discounted price to the provider.

Post-Refractive Products

When a network provider is used, payment for post-refractive products is based on the provider's reasonable charge, the amount of the provider's charge up to the program allowance or the discounted price which the provider has agreed to accept in satisfaction of its charge.

Payment of the provider's reasonable charge is made directly to the provider and is accepted as payment-in-full. If the covered post-refractive product is subject to a copayment, as indicated in the Summary of Benefits, you are responsible for paying that copayment amount to the provider.

If payment for the covered post-refractive product is made up to the program allowance, as indicated in the Summary of Benefits, you are

responsible for any difference between that amount and the provider's charge.

For those post-refractive products that are provided in the form of a discounted price, as indicated in the Summary of Benefits, you are responsible for paying the entire discounted price to the network provider.

Payment For Out-of-Network Covered Expenses

When an out-of-network provider is used, payment for covered expenses is based on the amount of the provider's charge up to the program allowance, as indicated in the Summary of Benefits. You are responsible for the difference between the program allowance and the provider's charge.

You may "split" your benefits by receiving your eye examination and eyeglasses (or contact lenses) on different dates or through different provider locations, if desired. However, complete eyeglasses must be obtained at one time and from one provider. Continuity of care will best be maintained when all available services are obtained at one time from either a network or out-of-network provider.

How Your Program Works

Network Care

To receive services from a provider in the network, call the network provider of your choice and schedule an appointment. Identify yourself as a Highmark Blue Cross Blue Shield member in a vision program administered by Davis Vision, and provide the office with your ID number (located on your Highmark ID card), and the name and date of birth of any covered dependent receiving services. The provider's office will verify your eligibility for services, and no claims forms are required.

The Davis Vision provider network is being used for this vision product through a contractual arrangement between Davis Vision and Highmark. Davis Vision is an independent company that manages a network of licensed vision providers in both private practice and retail locations. Network providers are reviewed and credentialed to ensure that standards for quality service are maintained. To find a network provider, you can call Member Service toll-free at 1-800-223-4795 and access the Interactive Voice Response (IVR) Unit or access the Vision Provider Directory online at www.highmarkbcbs.com.

In order to provide you with the greatest amount of flexibility and convenience, the network includes a number of retail establishments. Benefits at the retail locations may vary slightly from other locations. However, your value is comparable.

Out-of-Network Care

You and your covered dependents may use an out-of-network provider for certain covered services, although you can receive the greatest value and maximize your benefit dollars if you select a provider who participates in the network. If you choose an out-of-network provider, you must pay the provider directly for all charges and then submit a claim for reimbursement. For specific details, see the "How To File A Claim" section of the benefit book.

Your claims must be submitted to Davis Vision within 20 days after the date of service or as soon thereafter as reasonably possible, but not later than within two years of the date of service.

Only one claim per service may be submitted for reimbursement each benefit cycle. To file a claim, take the following steps:

- Request an itemized bill which shows:
 - the patient's name and address;
 - the date of service;
 - the type of service and diagnosis;
 - itemized charges; and
 - the provider's complete name and address.
- Make a copy of your itemized bill for your records.
- Complete a claim form. To request claim forms, please visit the Highmark Web site at www.highmarkbcbs.com or call 1-800-223-4795.

Your Explanation of Benefits Statement

For out-of-network services, once your claim is processed, you will receive an Explanation of Benefits (EOB) statement. This statement lists the provider's charge and total benefits payable.

Additional Information on How to File a Claim

Member Inquiries

General inquiries regarding your eligibility for coverage and benefits do not involve the filing of a claim, and should be made by directly contacting the Member Service Department using the telephone number on your ID card.

Filing Benefit Claims

– *Authorized Representatives*

You have the right to designate an authorized representative to file or pursue a request for reimbursement or other post-service claim on your behalf. Highmark reserves the right to establish reasonable procedures for determining whether an individual has been authorized to act on your behalf.

– *Requests for Preauthorization and Other Pre-Service Claims*

When preauthorization is required under this program prior to receiving covered services from a network provider, the network provider will contact Davis Vision, complete any required prior approval form and submit any information necessary to request that services be preauthorized. If preauthorization is denied, your network provider will inform you, and you have the right to file an appeal. The appeal process is described in the Appeal Procedure section below.

If services requiring preauthorization are to be received from an out-of-network provider, the out-of-network provider will not initiate the preauthorization process on your behalf. In that case, you should ask the doctor to provide you with a letter explaining why the services you received were medically necessary (letter of medical necessity). Attach the letter of medical necessity and copies of the bill that you paid to your completed claim form and file that with Highmark in order to be reimbursed. You will receive written notice of any decision on a request for preauthorization or other pre-service claim within 15 days from the date Davis Vision receives your claim. However, this 15-day period of time may be extended one time by Davis Vision for an additional 15 days if additional time is necessary due to matters outside its control, and notifies you of the extension prior to the expiration of the initial 15-day pre-service claim determination period. If an extension of time is necessary because you failed to submit information necessary for Davis to make a decision on your pre-service claim, the notice of extension that is sent to you will specifically describe the information that you must submit. In this event, you will have at least 45 days in which to submit the information before a decision is made on your pre-service claim.

If your request for preauthorization or approval of any other pre-service claim is denied, you will receive written notification of that denial which will include, among other items, the specific reason or reasons for the adverse determination and a statement describing your right to file an appeal.

– ***Requests for Reimbursement and Other Post-Service Claims***

When you receive services from a network provider, the provider will report the services to Davis Vision and payment will be made directly to the provider. Davis Vision will also notify the provider of any amounts that you are required to pay in the form of a copayment. If you believe that the copayment amount is not correct or that any portion of those amounts are covered under your benefit program, you may file an appeal.

Determinations on Benefit Claims

Notice of Adverse Benefit Determinations Involving Requests for Reimbursement and Other Post-Service Claims

If you have submitted a post-service claim for services of an out-of-network provider, Davis Vision will notify you in writing of its determination on your request for reimbursement or other post-service claim within a reasonable period of time following receipt of your claim. That period of time will not exceed 30 days from the date your claim was received. However, this 30-day period of time may be extended one time for an additional 15 days, provided that Davis Vision determines that the additional time is necessary due to matters outside its control, and notifies you of the extension prior to the expiration of the initial 30-day post-service claim determination period. If an extension of time is necessary because you failed to submit information necessary for Davis Vision to make a decision on your post-service claim, the notice of extension that is sent to you will specifically describe the information that you must submit. In this event, you will have at least 45 days in which to submit the information before a decision is made on your post-service claim.

If your request for reimbursement or other post-service claim is denied, you will receive written notification of that denial which will include, among other items, the specific reason or reasons for the adverse benefit determination and a statement describing your right to file an appeal.

For a description of your right to file an appeal concerning an adverse benefit determination of a request for reimbursement or any other post-service claim, see the Appeal Procedure subsection below.

Appeal Procedure

If you receive notification that a claim has been denied, in whole or in part, you may appeal the decision. Your appeal must be submitted within 180 days from the date of your receipt of notification of the adverse decision.

Davis Vision handles all appeal decisions under the Highmark vision programs. The process involves one level of review. This appeal process is mandatory and

must be exhausted before you are permitted to institute such action at law or in equity in a court of competent jurisdiction as may be appropriate.

At any time during the appeal process, you may choose to designate an authorized representative to participate in the appeal process on your behalf. You or your authorized representative shall notify Davis Vision in writing of the designation. For purposes of the appeal process described below, “you” includes designees, legal representatives and, in the case of a minor, parents entitled or authorized to act on your behalf. Davis Vision reserves the right to establish reasonable procedures for determining whether an individual has been authorized to act on your behalf.

At any time during the appeal process, you may contact the Member Service Department at the toll-free telephone number listed on your ID card to inquire about the filing or status of your appeal.

Upon request, you may review all documents, records and other information relevant to your appeal and shall have the right to submit any written comments, documents, records, information, data or other material in support of your appeal. Your appeal will be reviewed by a representative from the Quality Assurance Department. The representative shall not have been involved or be the subordinate of any individual that was involved in any previous decision to deny the claim which is the subject of your appeal. In rendering a decision on your appeal, the Quality Assurance Department will take into account all comments, documents, records, and other information submitted by you without regard to whether such information was previously submitted to or considered by Davis Vision. The Quality Assurance Department will afford no deference to any prior adverse decision on the claim which is the subject of your appeal.

In rendering a decision on an appeal that is based, in whole or in part, on medical judgment, the Quality Assurance Department will consult with a vision care professional who has appropriate training and experience and who is different from and not the subordinate to any individual who was consulted in a prior review.

Each appeal will be promptly investigated and Davis Vision will provide written notification of its decision within the following time frames:

- When the appeal involves a pre-service claim, within a reasonable period of time appropriate to the medical circumstances not to exceed 30 days following receipt of the appeal;
- When the appeal involves a post-service claim, within a reasonable period of time not to exceed 60 days following receipt of the appeal.

In the event Davis Vision renders an adverse decision on your appeal, the notification shall include, among other items, the specific reason or reasons for the adverse decision and a statement regarding your right to pursue legal action.
