

Forest Hills School District

David L. Lehman
Superintendent of Schools

May 11, 2021

Dear Ranger Family,

The Forest Hills Junior-Senior High School has recorded two (2) confirmed positive cases of COVID-19. The reported cases have been identified, impacted individuals have been isolated, and all contact tracing has occurred. The two cases are associated with the same residence; therefore, this incident is considered an isolated event. Be advised that the District continues to work with the Pennsylvania Department of Health and other public safety experts to ensure the health and safety of the Ranger community. We understand these are challenging and frustrating times for all Rangers, and we apologize for the difficulties you may be facing. The Forest Hills School District is committed to maintaining a healthy and safe learning environment for all Rangers. Please remember to follow “R” newly released webpage and established social media outlets for the latest information regarding school events and COVID related activities.

Both the Junior-Senior High School and Elementary School remain open for face-to-face instruction. All extra-curricular activities are also occurring as scheduled. Please help us mitigate the risk of spreading COVID-19 by washing hands frequently, wearing a protective face covering, observing recommended quarantine protocols, and keeping your child home if you or your child are ill or are experiencing flu-like symptoms. We appreciate your support and resolve during these most challenging times navigating a pandemic. Stay healthy and safe, Forest Hills.

Thank you,

Dr. David L. Lehman
Superintendent of Schools
