

# Forest Hills School District

---

November 15, 2022

Dear Rangers,

With the onset of colder weather and the threat of frozen precipitation, I would like to take this opportunity to address how the Forest Hills School District will communicate potential school delays, early dismissals, and/or closures. We attempt to announce delays, early dismissals, and/or closures as early as possible. Please be patient as we work with local officials and the transportation providers to make informed decisions regarding safe transportation. In the event of a change to the school schedule, the following methods of communication will occur.

- **School Messenger System** - Automated phone calls will be made utilizing the School Messenger notification system. Please make sure your child's building office has an accurate phone number listed to receive these calls.
- **Social Media** - The District will utilize the following social media outlets to announce these potential schedule changes:

Website - [www.fhrangers.org](http://www.fhrangers.org)

Facebook - Forest Hills School District & fh\_aroundtheR

Twitter - @ForestHillsSD

Instagram - foresthillssd

- **Media** - Local television and radio stations frequently run delay, early dismissal, and/or closure announcements.

Thank you in advance for your attention to these items and for your patience as we navigate weather concerns together. Thank you for your patience and understanding.

Sincerely,

Dr. David Lehman  
Superintendent of Schools
